

37 Exclusive Multi-Dimensional Colorations

With the recent addition of 12 NEW rooted colors, ENVY gives wig wearers more ways to express themselves, while never giving their secret away. ENVY wigs are made with only the finest 100% Kanekalon fiber—a superior quality product renowned for holding its shade, shine, and shape. Our Human Hair wigs and Hair Add-Ons are made of 100% human hair (the lightest tones have synthetic strands blended in to achieve the most natural-looking colorations).

Which Shades Are Right for You?

Fair Skin & Cool Undertones: Light & icy blondes, rich brunettes, and natural shades of reds generally look best.

Medium Skin & Undertones: Natural shades of blonde, rich chocolate browns, and burgundy or orange-y reds generally work best.

Darker Skin Tones: Opt for honey blondes or blondes with natural roots, brunettes/browns, and bold reds, copper reds, or purplish reds.
